TAKE OFF LYRICS

Written by Nino Lucarelli

I wanna take off
Some time away from real life
I wanna lift off
A holiday in the sky

I wanna get away
To find what I am missing
Find all that is missing, yeah

Why don't you come with me
And we can find the pieces
We can find the pieces, yeah

I wanna take off
I wanna take off
You and I and the stars in the sky
I wanna take off

I wanna take off

I wanna take off
Some time away from real life
I wanna lift off
A holiday in the sky

I wanna get away
To find what I am missing
Find all that is missing, yeah

Why don't you come with me
And we can find the pieces
We can find the pieces, yeah

I wanna take off
I wanna take off
You and I and the stars in the sky
I wanna take off

I wanna take off
